**O**FTEN, memorable travel is about journeying to see the extraordinary: big rivers, high mountains, vast palaces and ancient settlements.

And sometimes, the most memorable journeys are those that reveal the ordinary things in the world around us.

*Australia Exposed*, by self-taught Melbourne photographer Jason Kimberley, is a coffee-table record of a year-long journey around and through Australia, experiencing and recording the extraordinary and the ordinary.

Deserts, dry lakes, beaches, waterholes, big skies and wildlife all feature in the book the former Country Road and Just Jeans
